

## Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

August 26, 2020

Dear King Community:

Thank you all for your understanding and support as we manage the effects of coronavirus in our Home. We are truly dedicated to ensuring the well-being of everyone here and we appreciate everyone's concern.

We have continued to test both staff and members for coronavirus since our first confirmed case among members earlier this month. Unfortunately, we have had two asymptomatic staff test positive, bringing our total number of staff members who have tested positive to 18. Fourteen of those are considered recovered and four remain quarantined.

***The good news is that no additional members have tested positive for coronavirus and most have recovered.*** Nine of the ten members who have tested positive been deemed recovered by the King care team in consultation with the Waupaca County Department of Health. One remains quarantined.

For six long months our staff has worked very hard to keep the people who live in our Homes healthy. I am so proud of the way our staff have stepped up and rose to this new challenge.

Please be assured that our staff continues to fight this virus, day, and night. Another round of testing is scheduled to begin on September 8th. As a reminder, these updates are also available at any time on the WDVA website at [www.WisVetsHomesCOVID.com](http://www.WisVetsHomesCOVID.com).

If you have any questions, I am happy to address them.

Sincerely,

Tammy Servatius,  
Commandant
